

**PROGRAM STUDENT LEARNING OUTCOMES**  
**Health Information Technology**

**Program SLOs**

Students will be able to demonstrate mastery of the Information Protection, Access, Disclosure, Archival, Privacy and Security of Health Information as determined by performing at 77% or better on scoring rubrics used throughout the curriculum.

Students will be able to apply Health Law legal terminology, identify the use of legal documents, and how they apply to the practice of HIM at their Professional Practice Experiences as determined by performing at 77% or better on projects and assignments pertaining to this domain throughout the curriculum.

Students will be able to evaluate the accuracy of diagnostic and procedural coding, given opportunities to self-assess on final course exams throughout the curriculum, correctly identifying all errors at least 80% of the time.

Students will be able to demonstrate competence in applying all principles and knowledge from AHIMA's domains, tasks and subtasks for HIT by scoring 80% or higher on the HIT mock exam administered at the conclusion of the program.
