

COMPUTER SOFTWARE

POLICY

In support of and compliance with federal copyright law, Brunswick Community College requires that all computer software located within any facility of the College be purchased and used only by the College according to current licensing agreements with respective software manufacturers.

PROCEDURE

Infringements of this policy include the making or use of unauthorized software by copying, sharing, lending, giving, transferring, and/or installing software in ways not covered by the licensing agreement for particular software purchased by the College. All software requisitions must be approved by the Chief Information Officer prior to purchase. Software not purchased by the College will be considered unauthorized.

Such infringements constitute grounds for disciplinary action by the College and/or prosecution by software manufacturer(s) and the College. Compliance will be monitored through procedures adopted by the College.

Periodic audits of software will be conducted by the Chief Information Officer. Any unauthorized software may be erased by the Chief Information Officer without notification or permission of the user.
