

Student Medical Form For Programs that Require Health Forms In North Carolina Community College System Institutions

Instructions to Student:

Complete the *Family and Personal Health History* section of the medical form and sign that portion of the medical form. Then have the remainder of this medical form completed by a Health Care Professional (Physician, Nurse Practitioner or Physician Assistant). Students accepted to the Nursing Programs (Practical Nursing and Nursing Assistant) and Allied Health Programs (Health Information, Phlebotomy) must have the following sections of this form completed by a Health Care Professional (Physician, Nurse Practitioner or Physician Assistant):

- Sections A & B of the Immunization Record (Page 4)
- Report of Medical History
- Physical Examination (all sections must be completed)

Please make sure that you sign the form in the appropriate places. The completed medical form should be returned to the student.

If you have questions regarding this medical form, please call the Director of your program.
