ECONOMIC AND WORKFORCE DEVELOPMENT *Mission Statement*

The mission of Brunswick Community College, is to provide opportunities for individuals to be successful through accessible, high quality programs and services that meet the educational, cultural and workforce development needs of the community.

A WORD ABOUT WAITING: *Don't Wait. Register Early*

Have you ever signed up for a class only to find it canceled for lack of enrollment? Well here are two ways to help keep your selected class on the schedule. Register early - do it today! Each class has a minimum enrollment requirement. Once that number is reached, the class is a go. If you find a class you like, encourage a friend to join you. Sometimes two or three people can make the difference between a Go or Cancel. So, the word about waiting is DON'T! Register NOW!

REFUND POLICY

Refunds are allowed under the following circumstances:

1. A student who officially withdraws, in writing, from an occupational extension class prior to the first class meeting or if a class is cancelled shall be eligible for a 100% refund.
2. After class begins, 75% shall be refunded at the request of the student if the student officially withdraws, in writing, from the class prior to or at the 10% point of the scheduled hours of the class. Note: This rule is applicable regardless of the number of times the class meets or the number of hours the class is scheduled to meet.
3. For contact hour classes, students must withdraw, in writing, within 10 calendar days.
4. Self-Supporting classes will refund 75% to the student with an official withdraw from the class prior to the start date. No refunds will be issued after the start date of class.
5. If a student, having paid the required registration fee for a semester, dies during that semester (prior to or on the last day of examinations of the course the student was attending), all registration fees for that semester will be refunded to the estate of the deceased.

Customized Training

"We look to BCC as our ONE-STOP-SHOP for Training in Safety, Quality and Productivity Improvements. The Customized Training Program at Brunswick Community College (BCC) was a critical training component in our quest for ISO-9001 Registration. Without BCC's training and support, we would not have been able to achieve our ISO Registration."

Adult High School Diploma (AHS)

The Adult High School Program is designed to allow students the opportunity to complete a high school credential that mirrors a public school credential. The program is accredited by the Southern Association of Colleges and Schools. This diploma is the same as those offered through public school systems. There is no cost for this program.

High School Equivalency Diploma (GED®)

This program prepares adults to take the General Education Development Test (GED®) through the Pearson Vue Test Center located at BCC. The test battery assesses academics in the following areas: Reading and Writing, Social Studies, Science, and Mathematics. Once a student has passed all four sections of the GED® test battery, he/she is awarded the high school equivalency diploma. There is no charge for classroom instruction to prepare for these tests. However, there is a fee for taking the test. Pearson Vue Test Center charges \$20 per test.

Adult High School & High School Equivalency Classes - Note: site locations and class hours are subject to change due to enrollment and need. On-Line/Hybrid AHS: Please call 910-755-7386 to learn more.

English as a Second Language - This class will quickly improve the adult learner's ability to speak, read, listen, and write the English language. Any adult student who does speak English as their first language may enroll without fees or tuition costs. Students will have the opportunity to benefit from CASAS listening assessments and benefit from curriculum resources such as Reading Smart, Ventures and other selected texts and online platforms. Lessons are designed to move adult learners through the levels of ESL understandings via individual and small group instruction.

BRUNSWICK
COMMUNITY COLLEGE

Brunswick Interagency Program (BIP)

The Brunswick Interagency Program (BIP) is an ABE program for Brunswick County’s adults with Intellectual/Developmental Disabilities ages seventeen and up. Students attain high levels of competency in challenging academic subject matter and skills the college and business world feel are critical for success. Our mission is to enable students to reach their full potential, become more independent, and fully participate in their communities.

Adult Basic Education Program (ABE)

Students will have access to a continuum of educational programs based on their individual needs. All students are assessed on the Comprehensive Adult Student Assessment System. Our instruction is based on the North Carolina Community College System (NCCCS) content standards. Practical instruction is offered in the following areas: Reading, Writing, Mathematics and Technology/Computer Literacy. ABE provides a strong educational foundation for students that may have struggled during their public school years. All of the students enrolled in ABE are routinely assessed for learning gains and success is always celebrated!

Literacy for the 21st Century

Students encounter workplace literacy, safety scenarios, real world problem solving, and group critical thinking. Our instructors emphasize reading competencies that relate to job seeking and independent living, while promoting the value of writing and relate these skills to successful adulthood and independence.

Career Math and Personal Finance

Our instructional team is prepared to teach math, one concept at a time. Our approach to math instruction starts with a contextualized scenario. Shopping, sport statistics, numerical games, compound interest activities that capture student interest while remaining consistent with approved content standards.

Technology for Today

Our instructors are trained to assist students with learning how to access online job vacancies and build resumes through word processing programs. Students also learn to discern fact from opinion online while avoiding cyber scams. Finally, students are empowered to advocate for themselves by accessing service information and community resources.

Supported Employment

BIP offers an innovative approach to Supported Employment. Quality job matching is always the key to success! BIP offers assessment services; both community and on-site employment opportunities for students who wish to enter the working world. Our Job Coaches and Habilitation Specialists are highly trained, patient professionals.

Public transportation may be provided at a cost of \$65 per month.

Basic Rider CourseSM (BRC)

The Basic Rider CourseSM is a 22-hour course and is aimed at beginning riders of all ages. It is also a great course to reintroduce yourself to riding if you are re-entering motorcycling after not riding for a few years.

The course consists of classroom and range/riding time. Practical riding skills are developed in a controlled, off-street environment. The course is mandatory for motorcyclists under the age of 18 in the state of NC. Also, participants under the age of 18 must have a release form from both their school and their parent/legal guardian in order to take this course. Participants must attend all sessions fully to get credit for the class. Graduates of the course will receive a waiver card for the NCDMV. This waiver card provides an NCDMV endorsement on your license without having to take the NCDMV riding test. You will still have to pass the NCDMV written exam and vision exam in order to get your full endorsement. Graduates will also receive a completion card. This card could potentially qualify you for discounts on your insurance.

FREE History of Southport: Special Topics - Discover the little-known history of Southport, drawn from the years before it became a quaint seaside town. The focus will be on some of the challenges Southport faced during the early 1900s - African American Pursuit of Education; Prohibition, Smuggling, and Moonshine; World Wars on the Shores of Southport; and the Impact of Hazel, Helene and other Hurricanes. Students will learn methods for conducting their own local history research. Each class concludes with an opportunity to visit a local historical site or museum.
