

SWIMMER REGISTRATION FORM & APPLICATION

We are proud to offer our new Adaptive Aquatics Swimming Initiative. This program is designed for participants 3 to 12 years of age with a diagnosed disability. Participants may have, but are not limited to, behavioral, communication, or sensory challenges who may have cognitive or physical limitations. The goal is to teach water safety and promote independent swimming and social interaction in a fun, welcoming environment. Our certified instructors will work alongside volunteers to modify lessons that will accommodate the abilities, needs, and goals for each individual swimmer. It is important to consider behavioral issues when considering this program. An individual may be physically able to participate, but if their behavior is such that they cannot be persuaded to follow instructions, then it is likely this program will not be beneficial. Individuals with severe behavioral issues may be removed from the program if their actions are potentially harmful to themselves or others. All safety procedures at the Sports & Aquatics Complex must be adhered to.

GENERAL INFORMATION

PLEASE ANSWER EACH OF THE FOLLOWING QUESTIONS BELOW:

1. What strategies do you use to promote positive behavior and/or discourage negative behavior that will enable us to work safely and successfully with the swimmer?

2. What are some favorite activities, movies, music, hobbies or other interests of the swimmer?

3. Has your swimmer participated in learn to swim classes? Please provide information about those classes, where the classes took place, the organization teaching the classes, and which class level did your swimmer participate in.

4. Does your swimmer fear or enjoy the water (including bath or shower time?)

5. Has your swimmer encountered a negative experience in the water? If yes, please explain.

6. Does your swimmer experience incontinence or will a swim diaper be required? (Swim diapers must be supplied by parent/guardian or caretaker.)

7. Does your swimmer have a preferred method of pool entry and exit? (ramp, wheelchair transfers assisted or independent, using a lift, side of pool, stairs ladder, etc.)

8. Do you consider your swimmer to be safe in and around the aquatic environment?

9. Has your swimmer ever worn a personal floatation device (PFD) or "lifejacket"?

10. What are your aquatic goals for your swimmer?
